EXPLANATION & PHILOSOPHY

* **CATENA FROM LATIN, CATENA, /ka'te:.na/**

Circular object formed by interlaced links.
Intangible bond that unites people.
Succession of related facts or phenomena.

As a result of this **Catena**, we are able to satisfy 100% of our customers' needs thanks to our contacts, control, dedication and engagement, getting highly involved in any operation.

CATENA GROUP was born from the intention of facilitating the work of our clients. We provide a vertical management of any request, offering efficient solutions.

We seek, create and obtain in record time the success of every operation.

CATENA ASSET MANAGEMENT

“If you invest nothing, the reward is worth little”

Richelle E. Goodrich

CATENA ASSET MANAGEMENT Catena Group works to facilitate the gathering of large assets on a global scale, such as hotels, offices and private estates.

We have access to all types of properties, from trophy assets to opportunities that are more profitable, with a clear added value: the possibility of dealing directly with the property.

We are specialized in the proposition of asset opportunities to our clients and the development of **customised projects**.

Areas of greatest real estate scope of action: Spain, E.E.U.U, Italy, Latin America, Japan and Macao.

CATENA ASSET MANAGEMENT

Renewable Energies

One of our main areas of specialization is **investments in renewable energies**.

We have numerous partners in this sector, related to investments in completed projects with guaranteed profitability, as well as ready-to-build opportunities associated with photovoltaic plants, wind farms, biomass plants or the latest technology for waste treatment.

Areas of greatest scope of renewable energies action: Africa, Spain, USA, Middle East, Latin America, Portugal and Vietnam.

CATENA CONSTRUCTION SERVICES

**“Give me a place to stand
and I shall move the world”**

Arquímedes

CATENA CONSTRUCTION SERVICES is a division of Catena Group devoted to the provision of services in the construction sector. We seek the best suppliers for the construction sector, having previously identified which products and qualities are best suited to meet our customer's requirements, depending on the market segment they are operating in.

Several international companies that we selected due to their experience and reputation in the global sector reinforce us.

CATENA COMMODITIES

CATENA GROUP manages, facilitates and mediates in the sale of commodities, products capable of generating a large volume of business and of great economic impact in the current global market.

Due to a thorough analysis of the market in question and the needs expressed by our clients, we are able to connect buyers and sellers, both of which are always selected considering the quality of their contribution.

“Entrepreneurship is having an idea to do something great and not entirely have a plan on how to do it but the drive and will power to make it work”

Michael Bloomberg
